OFFICE OF THE SUPERINTENDENT OF INSURANCE.

Ottawa, July 2, 1902.

To the Honourable

W. S. FIELDING,

Minister of Finance.

SIR,—I have the honour herewith to submit the statements in detail of Insurance Companies for the year 1901, together with such an abstract and analysis of them as appeared proper to exhibit the progress of the business and the condition of the companies.

FIRE AND INLAND MARINE INSURANCE, 1901.

During the year 1901 the business of fire insurance in Canada was carried on by 38 companies; of these 9 were Canadian, 21 British and 8 American. Inland marine insurance was also transacted by 4 of them (2 Canadian and 2 American), and ocean marine by two of them (both Canadian). This list of companies differs from that of the previous year by the addition of one Canadian company, the Equity Fire. The Victoria-Montreal, which was included in the list of companies doing business in 1900, is now in liquidation. One British company (the British and Foreign Marine) is licensed to carry on the business of inland marine insurance and the business of insuring registered mail matter in transit from place to place in Canada, but did no inland marine business during 1901.

FIRE PREMIUMS AND LOSSES IN CANADA IN 1901.

The cash received for premiums during the year in Canada has amounted to \$9,650,348, being greater than that received in 1900 by \$1,318,400; and the amount paid for losses has been \$6,774,956, which is less than that paid in 1900 by \$9999,337. The ratio of losses paid to premiums received is shown in the following table:—

FIRE Insurance in Canada in 1901.

| Totals | 166,443,890 | 116,187,297 | 69.81 |

Taking the totals for the same thirty-three years, according to the nationalities of the companies, the following are the results:—

FIRE Insurance in Canada for the thirty-three years-1869-1901.

| | Premiums received. | Losses paid. | Rate of Losses paid per cent of Premiums received. |
|--|--|--|--|
| Canadian companies. British " American " Totals | \$ 37,952,772 110,260,764 18,230,354 166,443,890 | 8 26,568,096 76,964,154 12,655,047 116,187,297 | 70·00 69·80 69·42 69·81 |

The loss rate for 1901 does not differ to any material extent from the average loss rate for the thirty-three years over which our records extend.

Obtaining an approximation to the losses incurred during the year, by excluding the payments for losses outstanding at the beginning of the year, and including the amounts estimated for those of the year still unsettled, the ratio of the losses incurred to premiums received comes out $70^{\circ}29$ per cent, which is $26^{\circ}71$ per cent less than the $97^{\circ}00$ of the previous year and is $2^{\circ}60$ per cent greater than the average for the last fifteen years $(67^{\circ}69)$. The following are the rates of incurred losses from 1887° .—

FIRE Insurance in Canada, 1901.

The gross amount of policies, new and renewed, taken during the year by fire companies was [\$821,522,854, which is greater by \$18,094,200 than the amount taken in 1900. The premiums charged thereon amounted in 1901 to \$11,688,958.26, being \$1,657,222.92 greater than the amount charged the previous year. The rate of premiums (1·423) is much higher than that of 1900 (1·249). The loss rate (70·20) is 23·11 per cent less than the loss rate of the previous year (93·31) and only 0·39 per cent greater than the average loss rate (69·78) for the past thirty-three years.

The rate per cent of premiums charged upon risks taken is shown in the following table :—

| _ | Gross Amount of Risks taken during the year. | Premiums charged thereon. | Rate of Premiums charged per cent of Risks taken. | The same for 1900. | The same for 1899. | The same for 1898. | The same for 1897. |

PREMIUMS AND LOSSES COMPARED WITH RISKS.

The average rate of premium charged on each \$1,000 of risks taken in 1901 is \$14 \cdot 228 as against \$12 \cdot 486, which was the corresponding rate in 1900. The individual rates for the different companies will be found in the annexed table, and will be seen to vary a good deal, as might naturally be expected, considering the varieties of the business done by the companies.

The losses incurred (approximate) during the year, compared with the amount of risk current (taking for this the mean of the amounts in force at the beginning and end of the year), have been at the average rate of \$6.68 per \$1,000 current risk. The corresponding rates for 1882-3-4-5-6-7-8-9-90-1-2-3-4-5-6-7-8-9 \$5.68, \$5.56, \$5.37, \$4.54, \$5.48, \$5.70, \$4.70, \$4.19, \$4.84, \$5.33, \$5.61, \$6.17, \$5.50, \$5.75, \$5.15, \$5.38, \$6.20, \$4.99 and \$8.38, respectively.

The losses are, however, as usual, distributed very unevenly among the different companies, as appears from the following, computed on the above basis; where, for convenience of comparison, the corresponding rates for 1900 are appended within parentheses:—

London Mutual, \$2.51 (\$2.31); Mercantile Fire, \$4.15 (\$6.09); British America, \$4.82 (\$5.67); London and Lancashire Fire, \$5.34 (\$7.92); Royal, \$5.43 (\$6.41); Western, \$5.57 (\$4.16); Quebec, \$5.72 (\$8.37); North British and Mercantile, \$6.68 (\$8.85); Phenix of Hartford, \$6.41 (\$7.37); Liverpool and London and Globe, \$6.49 (\$5.96); National of Ireland, \$6.68 (\$10.49); Queen, of America, \$6.83 (\$8.91); Hartford Fire, \$6.91 (\$13.65); Anglo-American, \$6.92 (\$10.29); Alliance, \$6.97 (\$12.20); Commercial Union, \$6.98 (\$7.07); London Assurance, \$6.99 (\$7.42); Ætna Fire, \$7.33 (\$14.74); Imperial, \$7.39 (\$9.84); Phenix of London, \$7.49 (\$8.48); Insurance Cof North America, \$7.52 (\$12.37); Northern, \$7.57 (\$6.66); Scottish Union and National, \$7.57 (\$5.69); Sun Fire, \$7.36 (\$8.87.1); Connecticut Fire, \$7.96 (\$8.14); Ottawa Fire, \$7.99 (\$11.05); Norwich Union, \$8.01 (\$9.41); Lancashire, \$8.05 (\$9.51); Law Union and Crown, \$8.15 (\$12.16); Canadian Fire, \$8.18 (\$12.91); Union Assurance, \$8.26 (\$11.78); Equity Fire, \$8.36 (\$....); Caledonian, \$8.36 (\$10.51); Guardian, \$8.53 (\$9.22); Atlas, \$8.67 (\$10.49); Manchester, \$8.74 (\$13.15); Phenix of Brooklyn, \$9.19 (\$8.12); American Fire, \$13.68 (\$12.55).

The annexed table gives the gross amount of risks taken by the several companies during the year, and the premiums charged thereon, and also the distribution of losses, with the proportionate rate of premiums to risks, and the proportion of the amounts paid for losses to those received for premiums during the year. For convenience of comparison the rates of 1900 are appended. It must be noted that the premiums in the second column are those charged on the whole gross amount of risks taken by each company during the year.

BRITISH FIRE COMPANIES.

The total cash receipts from premiums were \$6,595,447, being an increase of \$749,426 as compared with the previous year; the payments for losses were \$4,889,192 being \$626,040 less than for 1900; while the general expenses amounted to \$1,558,123, being \$161,858 greater than in 1900, thus leaving a balance of \$151,868, adverse to the companies. In the previous year there was a balance of \$1,365,476 adverse to the companies.

| Paid for losses | | |
|----------------------------------|---|---------|
| Total | | |
| Balance adverse to the companies | 3 | 151,868 |

The following detail gives the balances for the different companies:—

Balances in favour.—Atlas, \$36,697; Commercial Union, \$31,189; London and Laucashire Fire, \$45,061; National of Ireland, \$33,682; North British and Mercantile, \$18,048; Phenix of London, \$33,559; Royal, \$105,226; Scottish Union and National, \$38,784; total, \$342,246.

Adverse balances.—Alliance, \$81,020; Caledonian, \$39,877; Guardian, \$45,886; Imperial, \$1,840; Lancashire, \$115,196; Law Union and Crown, \$692; Liverpool and London and Globe, \$54,524; London Assurance, \$21,340; Manchester, \$53,576; Northern, \$1,183; Norwich Union, \$13,496; Sun Fire, \$5,901; Union Assurance, \$59,583; total, \$494,114.

Total adverse balance, \$151,868.

For every \$100 of premiums received there were spent, on the average \$74.13 in payment of losses and \$28.17 for general expenses.

In 1900 the loss rate was \$94.34 and the general expenses \$29.02 for every \$100 of premiums received.

For the fire business the rate of premium was $\$14\cdot122$ per \$1,000 of risks taken, as against $\$12\cdot415$ in 1900.

Hence these companies have done a somewhat larger volume of business than in 1900, at a much higher rate of premium, a lower rate of expense, and at a much lower rate of loss.

Collecting the result for the twenty-seven years from 1875 to 1901, as regards the receipts for premiums and the expenditure of the British companies, we find:—

| Paid for | losses (1875–1901) | \$71,241,792 |
|----------|----------------------------------|--------------|
| do | general expenses | 27,353,392 |
| | | |
| | Total payments | \$98,595,184 |
| | for premiums | |
| | | |
| | Excess of receipts over expenses | \$ 3,512,636 |

It will be seen, from an examination of the table given below, that an adverse balance was in existence from the year 1877 till the end of the year 1886, due to the exceptional circumstances of the conflagration at St. John in the first mentioned yearwhen the losses paid by British companies amounted to almost five millions of dollars: that such adverse balance was reversed at the end of the year 1887, when a favourable balance of \$341,938 was shown, and that this favourable balance increased thereafter, from year to year (with the exception of the year 1893) up to the close of 1899 when it amounted to \$5,029,980. In 1900 the loss by the British companies on account of the Ottawa and Hull conflagration amounted to over two and a half millions of dollars. To this is due the large deficit of that year, \$1,365,476, wiping out the savings of the preceding four years, and reducing the favourable balance at the end of 1900 to \$3,664,504, which sum has been still further reduced to \$3,512,636 at the end of 1901. If we take into consideration the increase in the unearned premiums from the end of 1875 to the end of 1901, which amounts to \$3,314,463, it will be seen that the actual earnings of these companies in Canada on their underwriting account for the past twenty-six years, have been less than \$200,000.

⁺ Favourable. - Adverse.

As the reports of the general business of the British companies, which are appended to their several statements, are made up in a form not readily understood, except by an expert, I have this year, as in previous years, made an approximate analysis of them which will be found on page lxiv. Only two or three of these companies profess to make any special provision for the liability under the head of "Unearned Premiums," but they set aside a certain sum under the title of "Fire Fund," which is held to meet future contingencies, and is charged against the company as a liability. I have taken 60 per cent of the annual revenue from premiums as a fair approximation to the exact

pro rata of the premiums on unexpired risks, which forms the basis of the item in our returns for Canadian business. Also, in cases where life insurance is combined with fire (the assets of these branches being required by the Imperial statute to be kept separately) I have omitted the life business entirely, considering that the life funds are more than sufficient to cover the liabilities in this branch, and thus making the results, as regards paid up capital, less favourable to the companies.

AMERICAN FIRE COMPANIES.

The receipts for premiums (including the inland marine business of the Ætna Fire and the Insurance Company of North America) were \$1,334,024; the payments for losses, \$875,866; and the general expenses, \$377,960. Hence for every \$100 of premiums received there were spent on the average \$65.66 in payment of losses, and \$28.33 in general expenses.

The following detail gives the balances for the different companies:-

Balances in favour.—Ætna Fire, \$6,936; Conneticut Fire, \$7,784; Hartford Fire, \$20,521; Insurance Co. of North America, \$5,186; Phenix of Brooklyn, \$10,273; Phenix of Hartford, \$4,384; Queen, \$60,586. Total, \$115,670.

Adverse balances.—American Fire, \$35,472. Total balance in favour, \$80,198.

The results of the total business of these companies, from 1875 to 1901 inclusive, are as follows:—

| Paid for losses (1875-1901) general expenses | | 11,968,155 4,613,915 |

⁺ Favourable. - Adverse.

Here again, taking into account the increase in the reserve of unearned premiums (\$733,940) between the years 1875 and 1901, it will be seen that there has been an actual loss upon the underwriting business of American Fire companies in Canada for the past twenty-six years of about \$80,000.

CANADIAN FIRE COMPANIES.

In considering the Canadian companies, their whole fire insurance business, in Canada and elsewhere, as well as their whole marine business, must be taken into account, inasmuch as a separation of expense between these branches has not been made.

The following table gives the distribution of fire business between Canada and elsewhere, for the five companies transacting business outside of Canada and shows that the home business has been, on the whole, less favourable to the companies than the foreign business.

The assets of the nine Canadian companies doing fire business amounted, at the end of the year, to \$6,586,393, covering a total amount of insurance of all kinds of \$664,500,402, being at the rate of \$9.91 for every \$1,000 of insurance in force; they have also a reserve of subscribed capital not called up, amounting to \$2,101,680, making a total security of \$13.07 for every \$1,000 insured. The liabilities of the same companies amounted to \$4,319,437, made up as follows:—

| ŗ | Total | | | | | | | | | | | .\$ | 4,319,437 |

The unearned premiums are here taken to be the *pro rata* proportions of the gross premiums for the time unexpired in the case of Fire and Inland Marine insurance, and the whole premium in the case of a current Ocean risk. The surplus of assets over liabilities available for the protection of policy-holders, independent of the reserve of subscribed capital not called up, amounts to \$2,266,956.

The capital stock of these companies paid up or in course of payment, amounts to \$3,445,420.

The following table gives the condition at the end of 1901 of all the Canadian stock companies in reference to the surplus on account of policy-holders.

^{*} As reduced by Act of Parliament.

A comparison of this with the figures for the previous year shows the following results:—

Gain or improvement during 1901:—Canadian Fire, \$19,916.89; London Mutual, \$22,951.40; Mercantile Fire, \$19,523.51.

Loss or deterioration during 1901:—Anglo-American, \$6,104.88; British America, \$66,800.34; Ottawa Fire, \$32,976.41; Quebec Fire, \$3,982.07; Western, \$239,734.44.

Including the whole business of the mixed companies, as well outside as within the Dominion, it appears that the Canadian companies have received during the year 1901 a total cash income of \$6,469,140.24, which is made up as follows:—

| | 1901. | The same in 1900. | The same in 1899. | The same in 1898. |
|------------------------|--------------|-------------------|-------------------|-------------------|
| | \$ cts. | \$ cts. | 8 cts. | \$ cts. |
| Premiums | 6,286,942 01 | 5,345,803 78 | 4,430,792 71 | 4,157,139 74 |
| Interest and dividends | 164,488 52 | 135,529 30 | 128,389 00 | 134,006 75 |
| Sundry | 17,709 71 | 32,559 76 | 5,379 62 | 5,897 89 |
| Total | 6,469,140 24 | 5,513,892 84 | 4,564,561 33 | 4,297,044 38 |

In the same way the cash expenditure during 1901 has been \$6,304,161.40, distributed into:—

| | 1901. | The same in 1900. | The same in 1899. | The same in 1898. |
|---------------------------|--------------|-------------------|-------------------|-------------------|
| | \$ cts. | S cts. | 8 cts. | \$ cts |
| Losses paid | 4,065,778 01 | 3,828,359 85 | 3,063,716 43 | 2,700,774 91 |
| General expenses | 2,032,419 20 | 1,921,904 32 | 1,524,637 05 | 1,394,742 19 |
| Dividends to stockholders | 205,964 19 | 159,674 98 | 166,853 81 | 164,092 45 |
| | | | | |
| Total | 6,304,161 40 | 5,909,939 15 | 4,755,207 29 | 4,259,609 55 |

Thus it appears that for every \$100 of income there has been spent \$97.45, namely: for losses, \$62.85; for general expenses, \$31.42; and for dividends to stockholders, \$3.18. Hence, also, for every \$100 of premiums received there has been paid out \$64.67 for losses, \$32.33 for expenses, and \$3.28 for dividends to stockholders.

The total cash income received by the Canadian companies during the twenty-seven years from 1875 to 1901 inclusive, is \$104,894,855.29. The respective amounts for the several years, and the distribution thereof under proper headings, are shown in the subjoined table:—

The expenditure of the same companies during the same period of twenty-seven years amounted in the aggregate to the sum of \$106,499,412.30, thus showing an excess of expenditure over income to the amount of \$1,604,557.01. The amounts expended in the respective years, and their distribution under proper headings, are given in the following table:—

INLAND NAVIGATION AND OCEAN INSURANCE, 1901.

Inland Marine insurance is carried on in Canada by two Canadian companies (the British America and Western), and to a very limited extent by two American companies (the Ætna Fire, and the Insurance Company of North America). Ocean business is transacted by the two Canadian companies, but the greater part of this business is transacted by companies which are not required to be licensed, and do not report to this Department.

The figures given below include the Canadian inland marine business of the two American companies, and the whole inland marine and ocean business done by the two Canadian companies.

INLAND MARINE.

The premiums received amounted to \$556,933, the losses incurred to \$381,374, and the losses paid to \$376,667. At the end of the year the losses unsettled were \$34,512.

The inland marine business has been less favourable than the year previous. The losses incurred amounted to 68.48 per cent of the premiums received. The rates for 1899 and 1900 were 73.90 and 54.83 respectively.

OCEAN MARINE.

The premiums received amounted to \$687,654, the losses incurred to \$542,702, and the losses paid to \$536,402. At the end of the year the total outstanding or unsettled losses were \$47,039.

In the ocean business the rate of losses incurred to premiums received was 78.92 per cent, whilst in 1899 and in 1900 the rates were 80.16 and 83.39, respectively.

An abstract of the inland marine business will be found on page lxv, and details of this and the ocean business for the individual companies on pages lxii and lxiii.

LIFE INSURANCE, 1901.

The business of life insurance was transacted by thirty-six active companies of which nineteen are Canadian, eight British and nine American.

Insurances Effected during the Year.

The total amount of policies in Canada taken during the year 1901, was \$73,899,228 which is greater than the amount taken in 1900 by \$5,003,136. The Canadian companies show a decrease in 1901 of \$247,202, whilst in 1900 they had a decrease of \$3,592,179; the American companies have an increase of \$5,909,292, whilst in 1900 they had an increase of \$5,117,668; and the British companies have a decrease of \$658,954, whilst in 1900 they had a decrease of \$30,130, the total increase in 1901 being \$5,003,136, as above stated.

In the ordinary policies taken by the American companies there was a decrease of \$1,994,584, and in the industrial policies an increase of \$7,903,876. This large increase was to a certain extent caused by the Metropolitan Life taking over the risks of 'La Canadienne,' a company doing an industrial insurance business in the Province of Quebec.

The respective amounts effected are :-

| Canadian | companies | | | | | | | . ; | | | | | | \$38,298,747 |
|----------|-----------|------|---|--|--|--|------|-----|--|--|--|--|------|--------------|
| British | 11 | | | | | | | | | | | | | 3,059,043 |
| American | ., | | ď | | | | | | | | | | | 32,541,438 |

So that the amount taken by native companies exceeds that taken by the British and American together by about \$2,700,000.

Life Insurance in Force in 1901.

The total amount of insurance in force at the close of the statements was \$463,769,034, which shows the large increase of \$32,699,188 over that of the previous year, being distributed as follows:—

| | Total in Force. | Increase. |
|--------------------|---------------------|--------------|
| Canadian companies | .\$ 284,684,621 | \$17,533,535 |
| British | 40,216,186 | 730,842 |
| American | . 138,868,227 | 14,434,811 |
| Total | \$ 463 769 034 | \$32,699,188 |

The following tables will enable the progress of the total business to be traced during the past twenty-seven years, both as regards the amount of insurances effected from year to year, and the total amount in force:—

Amount of Insurance terminated in 1901.

The amount of insurance terminated in natural course, namely, by death, maturity or expiry, was \$8,526,185, which is greater by \$573,353 than the corresponding amount in the previous year; and the amount terminated by surrender and lapse was \$33,055,153, being greater than in the previous year by \$3,203,237.

Relatively to the amounts at risk the amounts so terminated do not differ to any material extent from those of the previous year, giving for every \$1,000 of current risk \$18.22, terminated in natural course and \$70.63 by surrender and lapse, making a total of \$88.85. In the year 1900 these rates were \$18.13 and \$68.06 respectively, making a total of \$86.19, thus giving a difference of only \$2.66 for each \$1,000 at risk.

The following table exhibits the rates for the last five years :-

TERMINATED out of each \$1,000 current risk

The total termination amounts to about 56:27 per cent of the amount of new policies. The actual amounts of termination were distributed as follows:—

| | Naturally. | By Surrender and Lapse. |
|--------------------|-----------------------------------|---------------------------------------|
| | 8 | \$ |

The details of the individual companies will be found on page xc.

Canadian Policies in Force.

Omitting the industrial policies of the London Life and the Metropolitan, the thrift policies of the Sun Life, the monthly policies of the Excelsior and the provident policies of the North American, the following table gives the numbers and amounts of policies in Canada and the average amount of a policy in force at the date of the statements:—

| _ | Number. | Amount. | Average Amount of a Policy. |
|-------------------------------|-----------------------------|--|-----------------------------------|
| | | \$ | 8 |
| Canadian companies. British " | 183,242 20,288 67,486 | 279,341,833 40,216,186 119,990,290 | 1,524 1,982 1,778 |
| Total | 271,016 | 439,548,309 | 1,622 |

The average amount of *new* policies is, for Canadian companies \$1,435; for British companies, \$1,765; and for American, \$1,518. The corresponding amounts last year were \$1,490, \$1,842 and \$1,825.

DEATH BATE.

In the calculation of the death rate this year, as in previous years, the mean number of policies in force, and the number of policies terminated by death during the year have been admitted as approximations to the mean number of lives exposed to risk, and the number of deaths during the year, respectively. It is believed that the

results arrived at represent the actual mortality among insured lives in Canada as accurately as can be gathered from the returns of the companies.

^{*}Including 20 months' business of the Cauada Life.

The total amount paid to policy-holders during 1901 was as follows:-

| Death claims (including bonus additions) | \$5,430,872 | 30 |
|---|-------------|----|
| Matured endowment (including bonus additions) | 1,829,219 | 95 |
| Annuitants | 161,811 | 51 |
| Paid for surrendered policies | 815,768 | 98 |
| Dividends to policy-holders | 755,452 | 72 |
| Total | \$8,993,125 | 46 |

The distribution of payments among the different companies will be found on page lxxxix.

Hence, for every \$100 premiums received, there has been paid to policy-holders \$52.49, leaving \$47.51 to be carried to reserve, expense and profits.

Including the business done outside of Canada by the Canadian companies, the following table shows the total premium income and payments to policy-holders of all companies, other than assessment companies, doing life insurance business in Canada, for the last twenty-three years, and also the ratio of payments to policy-holders to premiums received.

Collecting the results for twenty-three years, 1879 to 1901, it will be seen that the total payments to policy-holders made by said retired companies exceeds by 55·19 per cent the total premium income during the same period.

Canadian Companies.

The assets and liabilities, income and expenditure, of the Canadian Life Companies will be found exhibited in the statements under their respective headings at pages lxxxii lxxxiii, lxxxvii and lxxxviii. The tables of mortality employed by the various companies in the calculation of their reinsurance reserve are shown in the table on page lxxxiii.

From the tables on pages lxxxvii and lxxxviii referred to, it will be seen that the Canadian Companies have received an income of \$13,866,753.05 drawn from the following sources:

| Premiums and annuity sales Interest and dividends Sundry | | 11,074,492 29 2,555,358 80 236,901 96 | |
|---|------|---|--|

| And they expended \$8,281,653.57 under the following in Paid to policy-holders and annuitants | .\$ | 4,890,754 32 | |
| General expenses | | 3,262,457 75 128,441 50 | |
| Total | . \$ | 8,281,653 57 | |

Hence, out of every \$100 of income they have expended in payment to policy-holders \$35.27, in general expenses, \$23.53, and in dividends to stockholders, \$0.93, leaving \$40.27 to be carried to reserve.

By reference to the table at page lxxxii it will be seen that the total assets at December 31, 1901, of the Canadian life companies other than assessment companies (including \$3,290,258 outstanding and deferred premiums, interest and rents due and accrued which have not as yet gone into income) amount to \$66,182,117, an increase over the corresponding amount at the end of the year 1891 of \$43,027,497.

The amount of risks in force have increased from \$147,925,863 in 1891 to \$327,705,032, a gain of \$179,779,169, and the reserves have increased from \$19,922,556 in 1891 to \$59,211,836 in 1901, an increase of \$39,289,280.

The following table gives the premium and other income of the Canadian companies other than assessment companies, during the past twenty-three years, and also the payments to policy-holders, for general expenses and for dividends to stockholders during the same period.

ASSESSMENT LIFE INSURANCE, 1901.

The business of life insurance upon the assessment plan has been transacted by five companies reporting to this office, of which four are Canadian and one American.

The total amount of policies taken in Canada during the year 1901, was \$10,120,699, which is less than the amount taken in 1900 by \$2,789,101, and the net amount in force at the end of the year was \$127,135,999, which is less than the amount in force at the end of 1900 by \$898,001.

The amount of insurance terminated by death was \$1,194,196, and by surrender and lapse, \$9,822,304.

The total terminations amount to 108.85 per cent of the amount of new policies.

The amounts of terminations were distributed as follows:-

| Canadian companies | By death. 892,446 301,750 | \$ By Surrender and Lapse. 4,772,054 5,050,250 |
|--------------------|---------------------------------|--|
| Total | 1,194,196 | \$ 9,822,304 |

The details of individual companies will be found on pages xci and xciii.

The total amount paid by members for membership fees, annual dues, assessments, &c., was \$1,713,612 and the amount paid for death claims was \$1,224,552.

Details of the assets and liabilities, income and expenditure will be found on pages xciv, xcv and xcvi.

ACCIDENT AND GUARANTEE INSURANCE IN CANADA, 1901.

The business of accident insurance was transacted by nine companies, viz.: 5 Canadian (1 of which combined it with life insurance, 1 with plate glass insurance, 4 with sickness insurance and 1 with guarantee business) 1 American (also combined with life), and 3 British, (2 of which combined it with guarantee business, and 3 with sickness insurance.)

The Norwich and London Accident Insurance Association ceased to do business during the year.

The list of companies does not otherwise differ from that of the previous year.

The total accident premiums received in Canada were \$775,990, insuring an amount of \$121,727,447, and the sum of \$396,060 was paid for claims, with \$103,627 claims not settled.

An abstract will be found on page c.

The guarantee business was conducted by five companies—two Canadian, two British and one American.

The list does not differ from that of the previous year.

The premiums received were \$116,305, guaranteeing an amount of \$26,949,138 and the net amount paid for claims was \$26,775 with \$3,749 claims not settled.

The Guarantee Company of North America transacts business outside of the Domin ion, which is not included in the above.

SICKNESS INSURANCE.

The business of sickness insurance has been carried on by seven companies, viz., three British and four Canadian. Three of the companies combine it with accident insurance, three with guarantee and accident insurance, and one with accident and plate-glass insurance. Of the seven companies referred to, only two regularly issue sickness policies not in combination with accident risks; four issue combined accident and sickness policies, and one issues a combined accident and sickness policy, a limited sickness policy in conjunction with an accident policy and also in rare cases a separate sickness policy.

It appears, however, that sickness insurance not in combination or in conjunction with accident risks has been carried on only to a very limited extent and returns of the premiums received in respect thereof and losses paid, &c., have not been made to this department.

In addition to the seven companies above referred to, two fraternal societies, licensed by this office, viz.: the Supreme Court of the Independent Order of Foresters and the Subsidiary High Court of the Ancient Order of Foresters pay sick benefits to such of their members as stipulate therefor in their application for membership. In the case of the latter these benefits are paid partly through the lodges and partly by the Subsidiary High Court.

PLATE GLASS INSURANCE IN CANADA, 1901.

The business of plate-glass insurance was transacted by four incorporated companies, viz.: 2 Canadian (1 of which combined it with accident insurance), and 2 American.

The companies, having adopted the system of insurance by replacement, instead of paying the value of the glass broken, and their contracts not stating any amounts as insured thereby, their returns do not show the amount of insurance effected during the year, nor the amount in force at the end thereof. The premiums received during the year in Canada for plate-glass insurance were \$74,986, being less than the amount received the previous year by \$2,391, and the total losses incurred were \$34,953, being \$1,203 less than the amount incurred in 1900. An abstract will be found at page c.

BURGLARY GUARANTEE INSURANCE, 1901.

This branch of insurance which is transacted to a considerable extent in Great Britain, was introduced into Canada nine years ago. On June 14, 1893, a license was issued to the Dominion Burglary Guarantee Company (Limited), whose head office is at the city of Montreal, to transact the business of guaranteeing against loss or damage by reason of burglary or housebreaking, and guaranteeing against loss of jewellery, bullion and other movable property deposited with it for safekeeping. This company which was incorporated by an Act of Parliament of Canada, assented to on April 1, 1893, is the only company licensed by this department to carry on the business of burglary guarantee insurance in Canada. A table showing the premiums received by it, the number of policies issued, the amount insured thereby, the number and amount of policies in force at the end of the year, the amount of claims paid, &c., will be found at page ci.

At the present time there are one hundred and four (104) companies under the supervision of this office. The nature of the business transacted by them is as follows:

LEGAL DECISIONS.

The following digest of recent legal decisions will be found useful by those engaged in the business of insurance :-

1. LIFE INSURANCE, WAGER POLICY, REPAYMENT OF PREMIUM, COMPLETED CONTRACT, ALLOTMENT OF STOCK, EXPIRY OF CHARTER, POLICY FOR BENEFIT OF WIFE, REVOCATION. TENDER OF PREMIUM, DELIVERY OF POLICY, PAYMENT OF PREMIUM.

(a) The defendant, an elderly man, purchased from the plaintiff company an annuity upon his life, and, pursuant to a pre-existing arrangement between them, an insurance agent, who was a much younger man, insured his life with the plaintiff company for an amount the premiums upon which were younger man, insured in the wint the paramin company for an amount one premiums upon which were equal to the amount of the amount, and at once assigned the policy to the defendant who agreed to pay, and did for some years pay, the premium. The insurance agent got the benefit of the commission on the annuity and the insurance, and was not otherwise interested in the insurance.

**Redd, that the insurance was void, as being in violation of 14 Geo. III. c. 48, s. 1, and that the plaintiffs, in an action brought after the death of the assured, were entitled to have the policy delivered up

Held, also, however, that, though the defendant could not have maintained an action to recover the

premiums, the plaintiffs seeking equitable relief were bound to do equity and to repoy the premiums with interest, the risk never having attached.

(September 21, 1901.—Court of Appeal, Ontario, North American Life Assurance Company v. Brophy, 21 Canadian Law Times (1901), p. 557; 2 Ontario Law Reports (1901), p. 559.

By a judgment of the Supreme Court of Canada delivered May 6, 1902, that portion of the foregoing judgment which required the company to return the premiums paid, was reversed and the finding of the trial judge restored. In other respects the judgment of the Court of Appeal was affirmed. See 38 Canada Law Journal (1902), p. 461.

(b) A. applied in Toronto for a policy in the defendant company, and his application was received in the defendant's head office in New York on August 23, 1897, and was initialed by certain officers of the company, indicating acceptance of the risk, but this was not communicated to A. Held, that no contract with A was completed by such initialing. The defendant prepared a policy, in accordance with the application, and dated it August 23, 1897, the premiums being expressed to be payable

on February 23 and August 23, in each year, which policy on August 28, 1897, reached the defendant's agent, who notified the plaintiff, the beneficiary named in the application and the policy, all being according to the ordinary course of the defendant is in like expending to the ordinary course of the defendant in like and ally acceptance of the application constituting a country proposal.

Held, that this sending the same could not be considered as a counter proposal.

Both the policy and the application contained a clause that the insurance should not be binding on the defendants or the policy go into effect, until the first premium had been paid to the defendant. The same not done until the 4th October, 1897, and the policy was not in fact delivered till then. The plaintiff, acting for A., paid this premium and received a receipt dated the 23rd August, 1897, which she made no objection to, and which stated that the payment was up to 23rd February, 1898, which he also retained and kept without objection. On the 17th Defendant 1894, the third premium was tendered and refused by the defendant, on the ground that it was too late, as it should have been paid on the 23rd August, 1898, or within the thirty days grace. A. died on the 20th October, 1898. The policy provided that failure to pay any premium as specified when due would terminate the policy. ate the policy.

Held, that the defendants were not liable under the policy, and the plaintiff's contention that the third

(c) A life insurance company was incorporated by a special Act passed on the 13th June, 1898, which enacted that the Insurance Act and the Companies Clauses Act should be read as forming part thereof. cancered that the Insurance Act and the Companies Clauses Act should be read as forming part thereof. By 4, the provisional directors were authorized forthwith to open stock books, procure subscribed, and do what was necessary to organize the company. By s. 5, as soon as \$250,000 of the capital stock of the company should be subscribed and ten per cent of that amount paid into a bank, the provisional directors were to call a meeting of qualified shareholders, who were to elect a board of directors. By s. 6, the company was not to commence the business of insurance until 865,000 of the capital had been paid in cash. Stock books were opened, and on the 23rd June, 1889, the defendants each subscribed for 100 shareholders. Efforts to obtain subscribers for stock to the amount required by the Act of incorporation wholly failed, not more than \$75,000 having been subscribed. No payments were made on the stock subscribed for by the defendants. The planniff, having an unsatisfied judgment and an execution against the company for the recovery of money, sued the defendants as shareholders holding unpaid stock, under the Companies Clauses Act, R. S. C., c. 138, s. 30.

Held, that to constitute a binding contract to take shares in a company, when such contract is constituted by application and allotment, there must be an application by the intending shareholder, an allotment by the directors of the company of the shares applied for, and a communication by the directors to the applicant of the fact of the allotment having been made: In re Scottish Perheum Co., 32 Ch. The company never was organized; it had no business existence; it never had stock to allot; it never had stock to allot; it never had stock to allot; it held, also, that, as no license was obtained by the company from the Minister of Finance within two years from the passing of the Act incorporating the company, such Act expired and ceased to be in force on the 13th June, 1900, and the company seased to exist: The Insurance Act R.S.C., c, 124, s, 24. (December 26, 1901.—Mr. Justice Lount, Hodgins n. O'Hara, 22 Canadian Law Times (1902), p. 29.) This decision was affirmed by the Divisional Court, February 25, 1902.

(d) The plaintiffs, the executors and trustees under the will of R. R. Hughes, brought this action to

(d) The plaintiffs, the executors and trustees under the will of R. R. Hughes, brought this action to obtain a declaration as to the effect of a clause in the testator's will.

The testator had effected an insurance policy on his life in the London Life Insurance Company of Canada, which on the face of it, was expressed to be for the benefit of his wife Alexandria Hughes; by his will he absolutely revoked the benefit, declaration or appropriation previously made, and directed that the insurance moneys which should become payable under the policy should become a part of his estate, the anne as if the policy had been made payable to his executor, and that the insurance money should, after his death be paid by the company to his executor and become a part of his estate.

The insurance company was infraor ded in Ontaro and afterwards obtaine, an Act of incorporation of the company was infraor end afterwards obtained an Act of incorporation effected, the testator and his wife were living in Manitobs; the insurance moneys, under the terms of the policy, were made payable to the testator's wife at the head office in Ontario; the testator and his wife were both living in Manitoba when he made his wifl and since his death the company had paid the insurance moneys to the plaintiffs, the executors.

surance moneys to the plaintiffs, the executors.

It was contended on behalf of the widow that, as the policy was issued in Ontario, and was an Ontario

to he was concented on behalf of the whole which was a the pointy was issued in Ontario, and was an Ontario contract, it was in all respects governed by the law of Ontario, and not by that of Manitoba, and that the revocation of the widow's benefit in the policy was, therefore, neffective.

**Held*, that, as the contract was made in Ontario, the premiums were payable there, proof of death had to be furnished there, and the insurance moneys where payable there, it was in Ontario that it was to be performed, and as this would seem to outweigh any presumption there could be from the fact that the testator was living in Manitoba, the general rule must prevail, and it must be presumed that the parties intended that the contract itself should be governed by Ontario law. Ex. p. Dever, 18 Q.B.-D. 660.

It by no means followed, however, that because the contract itself was to be governed by the law of Ontario, the collateral question of the revocation of the wife's benefit in the policy must also be determined by the Ontario law. Chatenay v. Brazilian Tel. Co., (1891) 1 Q.B. 79; Lee v. Abdy, 17 Q.B. D. 3047a. The revocation by the insured of his wife's benefit in the policy was a different thing from a contract of assignment of the policy; but still it was the exercise of a right incident or relating to the policy which belonged to him by the law of the place where he lived.

Lee v. Abdy supports the view that the insured had the right to revoke his wife's benefit in the policy.

Lee v. Abdy supports the view that the insured had the right to revoke his wite's benefit in the policy. The question was one not of the construction of the policy or contract, but of the capacity of the insured to make a disposition of the benefit of the policy; and he could deal with the benefit that he had given his wife in the policy in such manner as the laws of Manitoba empowered him. A transfer of adjustion of personal property, good by the law of the owner's domicile, is valid wherever the property may be.

Judgment declaring that the plaintiffs held the insurance moneys in the trusts of the will; the widow to have a lien thereon for the premiums she had paid to keep the policy in force.

(January 29, 1992.—Put. Justice Bain, King's Bench, Manitoba, National Trusts Company v. Hughes, 22 Canadian Law Times (1902), p. 101.)

(c.) By a clause in his will a testator bequeathd to his wife one-half his estate, 'including policies of insurance made payable to her upon my death.' The testator left three policies, one for \$1,000, payable to his wife, the second providing for payment to his wife of an annuity of \$250 per annum for twenty years, and the third payable at his death to the legal heirs.

There were no children, grand-children, or mother, living at the time of the testator's death, but his

widow survived him.

Held, that the third policy, being payable to the heirs and not to the widow as a preferred beneficiary, formed part of the testator's estate, although as a fact the widow was the legal heir; but, the first two policies did not form part of the estate. By them a trust was created in favour of the wife as a preferred beneficiary, and so remained until the death of the testator.

Held, also, that 'including' imported addition.

(f.) The plaintiff was the widow of Joseph Webb, whose life was insured by the defendants, by a policy bearing date the 15th July, 1890, for \$1,000, on a ten-year renewable plan. The premium was payable monthly and amounted to \$1.34.

The statement of claim averred that the plaintiff duly paid the monthly premiums down to and inclusive of the premium due for the month of December, 1891, and that said premiums were paid at the defendants office in the city of Toronto to the city of Chicaço, in the State of Illinois, one of the United States of America, in the month of Toronto to the city of Chicaço, in the State of Illinois, one of the United States of America, in the month of Toronto to the city of Chicaço, in the State of Illinois, one of the United States of America, in the month of Toronto in due time to pay the monthly assessment for January, 1892, and tendered the charter of the state of the state

I am not able to find on the whole evidence in favour of the plaintiff on this first question—this question at the threshold of the claim.

I am also of opinion that under the circumstances one tender would not have been sufficient to maintain this action. There were no such circumstances as would justify the assured in the reasonable belief that future tenders would be rejected in the way alleged. No attempt was made to seek a reason from any one in authority. The tender was made, if made at all, to a subordinate clerk in the office. No attempt was made see the agent there. No complaim twas my the tender was the same would expect to be done where a person's rights have been disregarded, and it is sought to have the recognized. (h) The following important judgment rendered by Mr. Justice Lavergne, Montreal, is extracted from the Montreal Star of March —, 1902:—
'Canada, Province of Quebec, District of Montreal, in the Superior Court, the Hon. A. R. Angers, plaintiff vs. the Mutual Reserve Fund Life Association, defendants.

- day of March, 1902.

On the — day of March, 1992. Present: The Hon. J. Lavergne, J.S.C. The court, after hearing the parties by their respective counsel, and part of the evidence, and after having read the other part of the evidence, examined the procedure and exhibits filed, and upon the whole

deliberated:
Whereas plaintiff has sued the defendants and by his declaration complains that in 1885 he entered into into a contract of life assurance with the defendant for the sum of \$10,000; that in 1887 he entered into another contract of life assurance with the defendant for an additional sum of \$10,000, and that he paid \$4,932.20 in premiums thereunder; that he was induced to enter said association under false and fraudulent \$3,352.20 in premiums thereunder; that he was induced to einer said association under takes and transmient representations as to the amounts he would be called upon to pay; that without such false and fraudulent representations he would not have entered into such contracts, and that he is entitled, having been so decived, to recover back the amount so paid in by him to the said company defendant, and interest thereon; and, further, that by reason of such fraudulent representations of defendant, plaintiff, who has now attained the age of 61 years, cannot get insured in another company without great loss and increase of premiums, and that under that head he is entitled, should his claim for reimbursement fail, to be paid damages at least to the sum of \$6,509.50;

least to the sum of \$6,509.50;

'Whereas defendants plead that they are a mutual insurance company, duly incorporated, that they never deceived plaintiff by any false representations; that plaintiff entered into two policies of insurance in due conformity to written applications made by him, and upon different principles from those alleged in plaintiff's declaration; that defendants have adhered to all the conditions of said applications and policies; that even if such allegations of fraudulent misrepresentations as those made by plaintiff against defendant were true, that plaintiff acquiesced in the said policies, at different times; that plaintiff cannot now attack the said contracts that he has ratified, and that all the allegations of illegal conduct against the defendants are unfounded, as well as his claim for damages.

'Whereas, plaintiff has taken a life insurance for a sum of \$10,000 in the company defendant in August, 1885, and another life insurance for another similar amount of \$10,000 in the said company in December, 1887.

1887;

Considering that in 1885, when plaintiff took his first life insurance from said company in December, and during several subsequent years, and especially when plaintiff took his second insurance in said company, the said defendant, through its head office, was issuing and circulating throughout the United States of America and Canada, circulars and advertisements containing among others the following representations, offers and promises to people desirous to take insurance:

"It has a reserve fund securely invested of \$2,000 for every \$1,000 of liabilities that are likely to occur,

thus making a guarantee for the payment of every claim.
"The expense of management limited to \$2 on each \$1,000.

"The expense or management united we see a case service."

A reserve fund which provides against excessive assessments.

The interest on the reserve fund is applied to the payment of death claims. This will be nearly quite sufficient to pay all claims caused by any increase in the death rate, by reason of the advancing age of the association.

"Its system provides through its reserve fund for the decrease of assessments and this lessens payments in after years.

"The assessments of persistent members will be greatly reduced in 15 years, and it is estimated that

The assessments or persistent memoers will be greatly reduced in 15 years, and it is estimated that the certificate will be nearly if not quite self-austaining.

"It furnished greater benefits for the amount paid—from \$3,000 to \$4,000 insurance can be obtained at the cost of \$1,000 in an old line company.

"You can by insuring in this association save from one-half to two-thirds the capital you take from

your business to pay old line companies for the same amount of insurance.

"The treasurer is required to deposit 25 per cent of the net assessment received with a trust company,

&c., &c.
"By the constitution of the association it is provided that the 'reserve fund' above \$100,000 and in."
"By the constitution of the association it is provided to the payment of claims in excess of excess of sums represented by outstanding bonds, may be applied to the payment of claims in excess of the American experience table of mortality and when any claim by death is due, to make up any deficiency that may then exist in the death fund. "After the expiration of each period of five years during the continuance of a certificate of member-

ship a bond shall be issued for an equitable proportion of the reserve fund, and the principal of said bond shall be available ten years from its date towards paying future dues and assessments under said certificate.

"Thus after fifecen years through the maturing of the bonds, the payment of future dues and assessments by our members will in a great measure be provided for, and the principal of the first bond will then be available to meet assessments, making this the most desirable plan ever presented to the American people, "There are no stockholders to absorb profits and no surplus to be divided among trustees.

"Insurance actuaries calculate that should this association experience the same mortality and ratio of lapses as that experienced by the level premium companies in the past decade, its certificates will be self-sustaining after fifteen years."

sustaining after fitteen years."

'Considering that in 1887 defendant through its head office in New York was issuing and circulating throughout the United States of America and Canada prospectuses, circulars and advertisements to the effect that insuring in said company defendant would procure to the insured the following advantages:

1. "Life insurance was secured at half of the rates of ordinary companies.

2. "The contribution does not increase with age, and may be less, but will never exceed the maximum amount indicated by the tables—no dividends to be paid to stockholders; all profits accruing to policy-

amount introaced by the zero of the following and in the payments of persistent members. In 1886 a dividend of 33 per cent was declared upon all mortuary payments, and in 1887 a dividend of 31 per cent. The reserve fund (Tontine) now exceeds \$1,332,833, out of which \$448,804.87 were added this year, at the rate of \$1,227 for each day of the year.

4 "The asservity offered is greater than in any other company, &c., &c. It is the only company in

"The security offered is greater than in any other company, &c., &c. It is the only company in which the funds deposited cannot be diverted or misappropriated by the functionaries.

when the runos opposited cannot be diverted of misappropriated by the functionaire.

"The payment of capital due after death does not depend upon what can be collected from members,
the association always having in hand values payable at sight sufficient to pay treble the amount of each
policy after death."

Considering that the said circulars as well as the policies issued by the company defendant furnished tables of minimum and maximum rates of premium, which could be charged by said defendant for

'Considering that said circulars, prospectuses, advertisements and tables of rates, as aforesaid were published by the defendant at its head office in New York, and were under its authority published throughout the United States of America and Canada, and placed into the hands of its agents and subagents to be used in inducing people to take certificates of insurance from, and insure in, said company defendant.

'Considering that plaintiff was shown the above circulars, prospectuses, offers, advertisements, representations and tables of minimum and maximum rates of premium, and by the same was induced to

consent to the above mentioned contracts of insurance.

Consider to the above mentioned contracts of insurance.

Considering that said representations, advertisements, circulars and tables of minimum and maximum rates of premiums were false, fraudulent, and deceifful, and, that the company defendant, by its officers, knew them to be so false, fraudulent, deceifful and dishonest.

'Considering that it is clearly proven that the rates based upon the age of entry of insured were absolutely insufficient to maintain said policies in force, which defendant, by its officers, as experts in

insurance could not and did not ignore :

nsurance count not and du not genore;
Considering, however, that defendant from 1885 up to 1895 did not charge plaintiff any larger premiums than the maximum rate at age of entry and remained within the terms and limits which plaintiff was induced to believe would be carried out during the whole of his lifetime.

*Considering the fact that the representations and promises made to plaintiff were so carried out for ten years, he had no reason to complain and to suspect fraud, and continued paying all claims made upon

him promptly and faithfully.

Considering that on January 23, 1889, a certain resolution was passed at a meeting of the said com-

pany detendant, but at which plaintiff was not present, to the following effect:

"Whereas, the Mutual Reserve Fund Life Association was established upon the natural premium system of life insurance, which requires the members to pay simply their proportion of the death claims, with 33 per cent additional thereto, which additional sum has for its object the creation of a reasonable surplus reserve emergency fund to provide against unforeseen contingencies, its foundation principle being in opposition to accumulations of vast sums of money taken from the pockets of the policy-holders,

"Whereas the aforesaid surplus reserve emergency fund is rapidly increasing, and has already reached the enormous sum of one million eight hundred and eighty-five thousand dollars, therefore, "Resolved, that in the event any sums are hereafter required for the payment of death claims in excess of the sums realized from current bi-monthly premium calls at the maximum rates at age of entry, as established by the association that are applicable to the death fund, the Board of Directors shall have power to pay such death claims in excess thereof from the current receipts that are applicable to the surplus reserve emergency fund shall always be maintained at a sum of not less than two million dollars; but nothing in this resolution shall conflict with the provisions of the constitution and by-laws."

'Considering that the above resolutions, called "The Shields Resolution," was not of a nature to awake the suspicions of an inexperienced and inexpert man in insurance matters, that on the contrary, said resolution was confirmatory of the representations made to plaintiff when he entered said company defendant, it repeated that the calls were at age of entry, and it suggests the utilization of the surplus reserve emergency fund as provided in circulars and representations, and in order to keep faith with the insured and not increase the premium rates, but in fact it was not considered necessary afterwards, and was not so utilized:

was not so utilized :

was not so utilized;

'Considering that in August, 1895, the company defendant suddenly increased the assessments payable by plaintiff about fifty per cent above the maximum mentioned in the tables of premium rates according to which plaintiff about fifty per cent insure, which maximum had never been exceeded before, and that the same increase was not applied to all the policy-holders of said company, but discrimination was made against a certain class of policy-holders of which plaintiff forms part;

'Considering that said call made in August, 1895, was accompanied with a letter of the president of the company defendant, F. A. Burnham, including a letter of the late President E. B. Harper, explaining under what circumstances such increased call was made and referring to a report of the Superintendent ONEW York, advising such a course.

New York, advising such a course the date of said letters and of said call in August, 1895, the plaintiff received from defendant, on April 1, 1801, a bond for \$218.98 to be credited to him applicable to the payment of the future dues and assessments fifteen years after the date of his first policy (of 1885) which bond was to be followed by similar ones every five years on said policy;

*Considering that said bond to be so placed to plaintiff's credit virtually if not completely covered the increases of \$13.80 on every subsequent call, and covered said increase for over three years:

Considering that on the first day of June, 1838, plaintiff received from defendant another bond for \$904.80 to be credited to him, applicable to the payment of the future dues and assessments fifteen years after the date of his second policy (of 1887), which bond was to be followed by similar ones every the years on said second policy :

on said second poncy;

'Considering that said bond to be so placed to plaintiff's credit just about covered the increase of \$14.70 on every subsequent call on his second policy for a period of three years;

'Considering that plaintiff in 1885 when these increased calls were made upon him had been paying premiums for over ten years upon one policy and about eight years upon the other, that he had attained the age of nearly 58 years, being born in October, 1837, and had great interest in maintaining said policies in force;

'Considering that in fact the bonds given plaintiff covered the increase in calls for several years, the Considering that in fact the bonds given plaintiff covered the increase in calls for several years, the defendant had not so far, and in fact up to 1889, materially contravened nor violated the representations, promises and inducements upon which plaintiff was insured with said company defendant;

'Considering that until then, the plaintiff, who was a bona fide party to said contracts of insurance and was inexpert in insurance matters, had a right to still believe in the honesty of the insurers;

'Considering that company defendant were then still issuing hopeful as well as deceitful statements, showing the most favourable and flourishing state of affairs and giving hopes of great profits to the insurance in the long states of a flat in the long states a latitudy did continuous to vary these increased.

in the near future, plaintiff did continue to pay these increased calls, covered by the bonds in his hands, up to March, 1898;

up to March, 1888;

'Considering that in March, 1898, the company defendant again suddenly increased the assessmentspayable by plaintiff over 140 per cent above the maximum mentioned in the tables of premium rates account
ing to which plaintiff had been induced to insure and for a long time afterwards induced to remain insured,
and that the same increase was not applied to all the policy-holders of said company, but discrimination
was made against a certain class of policy-holders of which plaintiff forms part;
Considering that plaintiff, greatly alarmed by such a state of affairs, undertook to look closely into the
matter, and decided to drop his said policies of insurance with the company defendant and to insure with

another company :

Considering, however, that a new insurance could not be easily secured at his age, plaintiff being 61 years of age, and that it could not be done in a few days, plaintiff paid defendant such first increased call under written protest in order not to be without insurance at all, whilst he was negotiating with another insurance company ;

'Considering that plaintiff after this, did not pay any more to said company defendant, secured another insurance and brought his action to resiliate his contracts with company defendant and repeat from them

insurance and brought his action to resiliate his contracts with company defendant and repeat from them all the sums of money paid and interest thereon; "Considering that plaintiff then found out that he had been grossly deceived and that insurance could not possibly be carried on at the rates at which he had been induced to insure, and that this fact was afterwards fully substantiated by the defendant company's own expert witness and other experts; Considering that the artifices practised by the defendant and with its knowledge, were such that plaintiff would not have contracted without them; Considering that plaintiff has been deceived by the false representations made by means of divers. Considering that plaintiff has been deceived by the false representations made by means of divers dominated the sum of the property of the deceived of the property of the property of the deceived of the property of the propert

and error by means of divers occuments issued by the detendant company from its mean once and sent we said plaintiff; that plaintiff who was acting and dealing in good faith with said company had a right to and was justifiable in believing and admitting that said company acted with the same good faith, and said plantiff will and consent were only drawn by ruse, deceit and falsehood; 'Considering that the duty of those issuing prospectuses and circulars holding out to the public the great advantages which will accrue to persons who will take shares in a proposed undertaking and inviting them to take shares on the faith of the representations therein contained, are bound to state everything them to take shares on the rath of the representations therein containing, are count to state everywhits strict and scrupplions accuracy, and not only to abstain from stating as fact that which is not so, but to omit no one fact within their knowledge the existence of which might in any degree affect the nature extent or quality of the privileges and advantages which the prospectuses hold out as inducements to take

shares;

'Considering that defendant, as an insurer, has made repeatedly and maintained fraudulent misrepresentations and concealments to plaintiff up to March, 1898, which fraudulent misrepresentations and concealments are a cause of nullity of the contracts entered into with the plaintiff, who was an innocent party

to said contracts;

'Considering that as all other covenants, the Mutual Insurance contract is regularly formed only by the consent of the contracting parties, this consent to be valid must not have been given by error and surprised

by deceit and fraud;
'Considering that the conditions of the association were dissimulated by the said defendant and its agent and the insured plaintiff, entered into a company whose premiums were fixed at a certain maximum rate, whilst it was not so, and that the subscriptions of the said plaintiff have been obtained only by means

rate, whilst it was not so, and that the subscriptions of the said plaintiff have been obtained only by means of false representations, deceit and fraid;

'Considering that under Article 1049 of the Civil Code, if the person receiving be in bad faith he is bound to restore the sum paid or received, with the interest and profits which it ought to have produced from the time of receiving it;

'Considering that the plaintiff has paid defendant as premiums all the sums of money which he alleges to have so paid, and that defendant was always in bad faith when receiving them, and that said contracts of increases were wall do the first. of insurance were null ab initio;

'Considering that the sums so paid by plaintiff to defendant for premiums on said policies amount to \$4,932.20, and that the interest calculated thereon from the time of the payment of the various sums forming the above mentioned sum up to the second day of May, 1898, amount to \$1.577.37, making in all the ing the above mental and up to the extension of the sum of \$8,069.57;

'Doth declare the said contracts of insurance entered into by plaintiff and defendants as aforesaid null and void ab initio, and each and all said payments made by plaintiff to defendants to have been so made by

error and by reason of the false and fraudulent representations and concealments of defendants, and each and all said payments to have been received by defendants in bad faith, and doth condemn the said defendants to pay to the plainfilt the sum of \$8,509.57, with interest thereon from the date of service of summons, said costs distraits to Messrs. Angers, de Lorimier & Godin, attorneys for plaintiff.

An appeal against the foregoing judgment of Mr. Justice Laverge has been taken to the Court of King's Bench for the province of Quebec.

(t) By an Order of the Divisional Court made on the 5th February, 1901, upon appeal from a certificate of the Master in Ordinary in proceedings for the winding up under the Ontario Insurance Act of a friendly society carrying on the business of life insurance, it was declared that the amount for which the holder of an unmatured policy payable at the death of the insured was entitled to rank upon the assets should be an unmatured pointy payable at the death of the insured was entitled to rank upon the assets should be ascertained, as at the date of the commencement of the winding up, by calculating, first, the pessent value of the reversion in the sum assured by the policy at the decease of the life assured, and, second, the present value of a life annuity of an amount equal to the future premiums which would have become payable during the probable duration of the life assured, and allowing the difference in favour of the first calculation as the sum for which the claimant should rank, and the claim was referred back to the Master to make the calculation:

Held, on appeal from a subsequent certificate of the Master showing the result of his calculation, that the sum to be arrived at was matter of simple calculation from the ordinary life insurance tables. line applicable for the purpose of ascertaining the present value of the reversion in the \$1,000 assured by

the claimants policy was the following :-

Age.
$$a_x$$
. A_x . P_x . 45 13 1645 390044 027537

to be made, \$390.04.

The Master took the figures in column a_x , plus 1, but multiplied them by the figures actually charged

by the insolvent association to a person insuring at the age 45.

Held, that this was wrong, the fact of the company having undertaken its contract upon an insuffi-cient consideration has nothing to do with this particular question; the arithmetical value of the reversion

cent consideration has nothing to do with this particular question; the arithmetical value of the reversion is not decreased by the fact that the premium stipulated for was too low; the premium paid has nothing to do with this calculation. It was not disputed that the present value of life annuity of an amount equal to the future premiums was \$477.54.

Held, therefore, that the claimant was entitled to rank for \$212.50.

By I Edw. VII., c. 21 (O), assented to on the 15th April, 1901, the law as it previously existed was a seriously considered in several important respects, notably in the manner of valuing unmatured policies, and the rights of the control of of persons who had entered into contracts with this association were impaired; and, by subsece. (6) of s. it was enacted that these amendments and additions' declare the law of the province as it existed on, and has existed since, the 14th April, 1892, 'without any saving of rights acquired, or contracts entered into, or of actions pending under the law as it stood.

Hidd, however, that these amendments did not affect the rights of the claimant, because these rights had been declared by the judgment of the 5th February, 1901, before the Act was passed, and judgments are not re-opened even by such legislation.

(December 4, 1901.—Divisional Court, Ontario, in re Merchants Life Association v. Vernon's Cases, 38 Canada Law Journal (1902), p. 39; 2 Ontario Law Reports (1901) p. 682).

(j) H., a member of the order of Royal Templars, held a benefit certificate entitling him, if he reached the age of 70 years or became entirely disabled, to receive a sum of money based on the membership of the order. On reaching the age stated he demanded the amount and on the order refusing to pry brought an action therefor, the defence to which was that he had stated his age incorrectly in his application for membership and violated certain conditions which, however, the court held were not set out nor referred to in the certificate. A judgment for H. at the trial was affirmed by the court of appeal and the amount recovered being under \$1,000,00, the defendant moved the Supreme Court of Canada for special leave to appeal under 60-61 Vic., c. 34, s. 1 (c).

Held, That the questions involved not being of public importance and the judgment of the Court of Appeal appearing to be well founded, the leave would not be granted.

(October 1, 1901.—Supreme Court of Canada, Royal Templars v. Hargrove, 38 Canada Law Journal (1902), p. 20).

3. - FIRE INSURANCE, TAXES, INSURANCE BY MORTGAGOR, RENEWAL, PRIOR INSURANCE, AGENT.

(k) Action to recover \$400, being amount of special tax imposed by the City of Montreal upon fire insurance companies doing business within the city. The defendant company contended that it did not come within the provisions of the by-law in question since it took no risks in the city, although its chief office was there.

Held, That the issue of a policy in Montreal was the acceptance of a risk in the city, even though the property therby insured was situated outside the city.

(November 19, 1900.—Mr. Justice Doherty, Superior Court, Montreal, City of Montreal v. Union Mutual Fire Ins. Co., 21 Canadian Law Times (1901), p. 52.)

(1) A mortgagor who had made a mortgage, under the Short Forms Act, containing a covenant to inverte the mortgaged premises against fire, effected an insurance thereon with defendants, the loss, by the policy, being payable to the plaintift, the mortgage, as his interest might appear under the mortgage. Subsequently the mortgagor conveyed his equity of redemption to the mortgage without the consent he insurance company having been obtained therefore. The premises having been afterwards destroyed

Held, That the plaintiff was not entitled to the insurance moneys, for (1) the fact of the conveyance made by the mortgagor to the plaintiff, whereby he ceased to have any interest at the time of the fire was a good answer to the claim; and (2), such conveyance constituted a breach of the fourth statutory condi-tion, which provides against the insured premises being assigned without the insurance company's consent. (July 20, 1901.—Chief Justice Sir William Meredith, Pinhey v. Mercantile Fire Insurance Co., 2 Ontario Law Reports, p. 296.)

(m) The renewal, as it it commonly called, of a contract of insurance is not a renewal or an extension (a) The renewal, as it it commonly catted, of a contract of insurance is not a renewal or an extension of the original polication and in accordance with the policy issued in pursuance thereof. Where, therefore, at the time of such a new contract by way of renewal, no prior insurance is in force, the insurance is not avoided, although when the original contract was entered into prior insurance was in force, and this fact was not disclosed. Judgment of Rose, J. (noted at page xl of the report issued in 1901), reversed.

Mortgagees to whom by a policy the loss is made payable as their interest may appear, have a right of action on the policy in their own name against the insurers, and are entitled to enforce payment to the

extent of their interest.

(November 6, 1901.—Court of Appeal, Ontario, Agricultural Savings and Loan Co. v. Liverpool and London and Globe Insurance Co., 21 Canadian Law Times (1901), p. 582; 3 Ontario Law Reports (1902), p. 127.)

be different.

The appointment of a local agent of a fire insurance company is one in the nature of a delectus persone, and he cannot delegate his authority nor bind his principal through the medium of a sub-agent.

Summers vs. The Commercial Union Assurance Co., 6 S. C. R. 19, followed.

The local agent of a fire insurance company was authorized to effect interim insurances by issuing interim receipts, countersigned by himself, on the payment of the premiums in cash. He employed a canvasser to solicit insurances who pretended to effect an insurance on behalf of the company by issuing an interim receipt countersigned by him (the canvasser) as agent for the company, taking a promissory note payable in three months to his own order for the amount of the premium.

Held, that the canvasser could not bind the company by a contract on the terms he assumed to make, as the agent himself had no such authority.

Held, further, that even if the agent might be said to have power to appoint a sub-agent for the purpose of soliciting insurances, the employment of the canvasser for that purpose did not confer authority to conclude contracts, to sign interim receipts, nor to receive premiums for insurances

(November 16, 1901.—Supreme Court of Canada, Canadian Fire Insurance Company vs. Robinson 38 Canada Law Journal (1902), p. 74).

4.—ACCIDENT INSURANCE, HAZARDOUS OCCUPATION, VOLUNTARY EXPOSURE.

(o.) A judgment for \$1,000 damages, with interest from a date before action brought, is appealable under 60-61 V., c. 34, s. 1 (c).

An accident policy issued to M., who was insured as a baggageman on a railway, contained the following conditions: 'If the insured is injured in any occupation or exposure classed by this company as more hazardous than that stated in said application, his insurance shall only be for such suns as the premium paid by him will purchase at the rates fixed for such increased hazard.' (There was no classification of exposure by the company). 'This insurance does not cover '* death resulting from voluntary exposure to unnecessary danger.' M. was killed while coupling cars, a duty generally performed by a brakesman, whose occupation was classed by the company as more hazardous than that of a baggageman.

Held, affirming the judgment of the Court of Appeal, 2 O. L. R., 521, 21 Occ. N. 553, which sustained the judgment for the plaintiff at the trial, 32 O. R. 284, 21 Occ. N. 76, that, as he was only performing an isolated act of coupling cars, the insured was not injured in an occupation classed as more hazardous under the first of the above conditions.

Held, also, that as the evidence showed that the insured was in the habit of coupling cars frequently, and therefore would not consider the operation dangerous, there was no 'voluntary exposure to unnecessary danger' within the meaning of the second condition.

(May 6th, 1902.—Supreme Court of Canada, McNevin v. Canadian Railway Accident Ins. Co., 22 Canadian Law Times (1902), p. 223).

5.—PRACTICE. SERVICE OF PROCESS.

(p). An English insurance company, which had carried on business in Canada, and whose head office was then at Toronto, by two powers of attorney had appointed the general agent of Toronto to receive process under both R.S.O., 1897, c. 233, s. 68, and R.S.C., c. 124, s. 13, transferred its Canadian business another company and closed its Canadian offices, but the deposit under the Dominion Act had not been released, and neither of the powers of attorney had been cancelled. On motion to set aside a suit of summens, which was accepted by solicitors as if served on the Toronto agent of the company, subject to the right to move against it on the ground that the company was not within the jurisdiction:—

Held. That a suit of summons upon a policy issued in Quebee in respect of also upon property in Quebee was properly served upon the agent named as attorney at Toronto, under Rule 139, and that the court in Ontario, therefore, had jurisdiction to entertain the action.

Semble. That the power of attorney required to be filed under R.S.C., c. 124, s. 13, its o receive service of process in any suit instituted in any Province of Canada in respect of any liability incurred in such Province, and not in respect of any liability incurred in Canada.

LEGISLATION.

1. Dominion Legislation.

The following Acts relating to insurance companies were passed by the Parliament of Canada at the session of 1902, 2 Edward VII.:-

- (1) An Act to incorporate the Sovereign Life Assurance Company of Canada. The head office of this company is to be at the city of Toronto. Steps are now being taken to organize, and it is expected that a license will be applied for before the end of the present year.
- (2) An Act to incorporate the Union Life Assurance Company. The head office of this company is also to be at the city of Toronto. A license has been applied for.
- (3) An Act respecting the Royal Marine Insurance Company. This Act extends the time allowed the company to commence business.

Almost all life companies transacting business in Canada issue contracts providing for the payment of cash surrender values or the issue of paid up policies, and in all recent charters granted by the Dominion Parliament provision has been made in certain cases for cash surrenders and paid up insurance, but in all Acts passed prior to this present year the right to such cash values or paid up policies was made dependent upon . a demand therefor within a limited time, usually twelve months, after the failure to pay a premium due on the original policy.

The analogous clause in the Sovereign and Union Life Acts, mentioned above, recently assented to, make the policies in the cases provided for essentially non-forfeitable by providing in effect that in every such case a cash surrender value must be paid or a paid up policy issued, the policy-holder having the right of choice for twelve months after failure to pay a premium, the option then passing to the company.

The tendency, on the part of companies, has been gradually in the direction of the non-forfeiture of policies on which three or more annual premiums have been paid, very liberal terms being in many instances contracted for. There has been, moreover, a gradual growth of opinion in Parliament in favour of such non-forfeiture, arising doubtless from its manifest justice, and it might be well to consider the advisability of enacting a general law applicable to all companies transacting the business of life insurance in Canada, dealing with the subject of non-forfeiture and fixing minimum amounts both for cash surrenders and for paid up or extended insurance.

2. PRINCE EDWARD ISLAND LEGISLATION.

Statutes of 1901, Chapter 10.

LONDON AND LANCASHIRE-Continued.

General Business Statement for the Year ended December 31, 1901.

The net premiums, after deducting reinsurances effected with other companies in reduction of this company's liabilities, amounted to £1,134,213 14s. 4d.

The net losses incurred, including full estimates for all outstanding at the closing of the books, amounted to £584,774 11s. 3d.

The surplus on the working of the business, after providing for all expenses, taxes and charges of every kind, amounts to £164,462 7s. 1d.

Interest on investments has yielded the sum of £44,538 16s. 10d.

The total credit balance, therefore, on the entire operations of the company for the year is £209,001 3s. 11d. The balance brought forward from the 1900 account amounted to £451,771 15s. 11d., from which must be deducted, firstly, £85,253 2s. 2d., being outlay consequent upon the purchase of the Equitable Fire and Accident Office, Ltd., of Manchester, and secondly, £17,831, the interim dividend paid in November last. The remainder, when added to the above credit balance for 1901, makes an available total of £557,688 17s. 8d. to be now dealt with.

The directors propose :--

7

To pay, on the 7th of May, a dividend of 9s. per share (against 8s. per share last year) free of income tax, making, with the interim dividend already paid, a total distribution for the year of £57,950 15s., or 13s. per share, and

To carry forward the remaining balance of £497,569 2s. 8d. to the next account.

VALUATION AND BONUS.

(Extract from Directors' Report.)

The directors are pleased to announce to the members the results of the actuarial investigation as at December 31, 1901. According to the report of the actuary, the operations of the company during the two years since the last valuation have produced a very satisfactory profit, but out of such profit the directors again deem it expedient to devote a considerable sum to strengthening the reserves, a course which has been consistently followed for many years and is believed to be in the best interests of the company. In particular, the directors are of opinion that no portion of the business should now be valued at a higher rate of interest than 3 per cent, and this involves a large increase in the reserves of the Canadian section of the business which on the last occasion were based on 3½ per cent. The valuation has been made on the basis of the new British Offices O^{MS} Table with interest at 3 per cent for all assurance contracts, according to the net-premium method, and the government annuitants' table (1883) with interest at 3 per cent for annuities. for annuities

As a result of the valuation upon this stringent basis, the directors have allotted reversionary bonuses at the rate of \$12,50 per annum, per \$1,000 assured by all home and Indian policies intitled to participate in the general section, and \$13,75 upon such policies in the temperance section. In both cases these bonuses are upon the same scale as at the two last valuations. During the current quinquennium the directors will also allot to all policies criticled to full participation in the profits, which may become claims in the period, an interim bonus at the rate of \$1 per cent for each complete year of duration counting from January 1, 1902.

In regard to the Canadian section, the continued fall in the rate of interest, not only experienced by the company, but remarked upon by the insurance commissioner of the Dominion, as a general feature, has led the directors to decide that the rate of 33 per cent previously employed in the valuation of the Canadian contracts, can no longer be maintained. After strengthening the reserves so as to place them on a 3 per cent basis, the directors regret that there is no surplus in the Canadian fund for division as bonus But it must be pointed out that a lower scale of premium awa adopted in Canada on the assumption of a higher earning power of capital than obtains under present conditions, and that Canadian policy-holders enjoy and advantage as compared with the other members of the company in respect of such other rates. Moreover, increasing the reserves will have the effect in Canada, as in England, of safeguarding the policy-holders where the contract of the company o In regard to the Canadian section, the continued fall in the rate of interest, not only experienced by

After providing for the bonus above mentioned and making additional reserves on paid-up and limited premium assurances, there is a balance of surplus of 816,495 (apart from the reserve fund of \$22,195) to be carried forward.

General Business Statement for the Year ended April 5, 1901.

The new assurances completed numbered 1202 for £724,999 at premiums of £31,520 % 9d. In the previous year the new policies issued were 1,199 for £683,210. Of the above total of £724,999 the amount reassured with other offices was £116,489, leaving £608,510 as the sum retained on the association's own risk, the corresponding new premiums being £22,768 8s.

New life annuties, to the number of 38 for £2,574 8s. 8d. per annum, were purchased at the price of £29,494 5 17s. 11d., whereof the liability for £600 per annum was reassured with other offices at a cost of £33.75 £3.

£6,812 7s. 6d.

The total revenue from premiums and interest (exclusive of the purchase money for annuities) was

8576,516.

The claims by death during the year, including bonuses, amounted to £316,094, exhibiting a favourable rate of mortality. Exclusive of bonuses, the number and amount of expected claims by the H^m Table,

Expected claims-767 for £318,745.

Actual claims-643 for £294,595.

Endowment assurances under 75 policies for £23,960 matured by survivance of the lives till the stipulated dates.

Among the annuitants the transactions cancelled by death numbered 45, the net annual payment (after deduction of amount reassured) of which the association was thereby relieved, being £1,933 2s. At 5th April, 1901-

The directors now declare a dividend on the amount of the paid-up capital of the Association (£87,500) at the rate of 10 per cent (in place of 15 per cent as formerly), payable on 11th November next, under deduction of the interim payment of 7½ per cent made on 15th May last. In view of no houses being allocated to the policy-holders at the present time, the directors are clearly of opinion that for the remainder of the period up to next quinquennial investigation the payment to the shareholders should be restricted to practically the interest earned by their capital, with a reasonable addition for the guarantee

involved. It is scarcely necessary to point out to the shareholders, however, that at next investigation, supposing a normal amount of surplus to be again available, they will be entitled to receive a due proportion of it, to be applied in paying dividends thereafter to the extent warranted thereby.

GENERAL BUSINESS STATEMENT FOR THE YEAR ENDING DECEMBER 31, 1901.

(For Statement of Canadian business, see page 43.)

FIRE DEPARTMENT.

(Including Burglary Insurance Business.)

The Company's Act of Parliament, obtained in 1893, authorizes the company to transact burglary insurance business in combination with fire business, and last year power was taken to transact this business independently, the fire fund being responsible for such business.

The fire and burglary insurance premiums after deducting reinsurances, amounted to £423,651138s.

The fire and burglary insurance premiums after deducting reinsurances, amounted to £423,651138s. and against £239,349 19s. 4d., from the fire premiums alone in 1990, showing an increase of £30,40113s. 8d., and the losses, after making the same deduction, to £250,784 14s., as against £258,028 4s. 8d. in 1990 from fire alone, a decrease of £7,243 10s. 8d.

The percentage of the losses upon the fire and burglary insurance premiums for 1901 was 59°19 as against 65°6 29 er cent upon the fire permiums alone in 1990. The expenses and commission together amounted to £141,756°9s. 7d., being 33°45 per cent on the premiums, as compared with 33°48 per cent in 1990.

After providing for losses and expenses, income tax on profits and bad debts, and for the premium reserve to cover the unexpired liability on policies current at the end of the year, there was a profit on the trading account of £16,478 10s. 10d. Adding to this the interest on the fire fund, which amounts to £21,099 11s. 56, and £332 19s. 6d. profit on investments realized, there results a profit of £37,881 1s. 9d. The premium reserve fund amounts to £182,986 1ls. 9d., which, together with the general fire reserve fund of £372,590, makes the total fire fund £555,486 11s. 9d.
